

GENERAL INSURANCE ANALYSTS

The Opportunity

As our firm continues to grow, we have newly established opportunities in our **Malaysia** and **Thailand** offices for fresh graduates/entry-level actuarial students who would like to work in a team on various actuarial projects. You need not have any work experience but should at least be keen to specialize in General Insurance ("GI"). This is also open to those looking for a career change; now is definitely the right time to move into GI in Malaysia. Excellent career prospects will be offered to the right candidates.

If this position interests you, write to us at careers@jpwall.com (subject heading: "GI ANALYST") and include your CV and cover letter together with your photograph.

Also, please include the following:

1. A complete academic transcript of your Bachelor's degree (and Masters if applicable).
2. Briefly detail your knowledge of the insurance market in Malaysia, relating in particular to actuaries.
3. Your career goals and your progress and plans for the actuarial examinations.
4. The possible dates for an interview, preferred starting date of employment and salary expectations.

Do also include a short note on why you believe you would be the perfect candidate for us!

Note that only shortlisted candidates will be contacted and invited for an interview. If you do not hear from us after 2 weeks, you may assume that your application has not been successful.

About JPWALL

With operations in Hong Kong, Malaysia, Singapore and Thailand, JPWALL provides the general insurance industry with the highest level of quality service and professional actuarial advice on mergers & acquisitions, pricing, reserving, reinsurance and capital modeling assignments.

Our Malaysian office is the largest general insurance actuarial consulting firm in Malaysia.
